Information sheet for partner universities and exchange students

Name of institution	**Technische Hochschule Ulm - University of Applied Sciences**
Campus Prittwitzstrasse (Main Campus)	**Prittwitzstrasse 10** **89075 Ulm, Germany**
Campus Albert-Einstein-Allee	Albert-Einstein-Allee 55 89081 Ulm
ERASMUS ID code	D Ulm02
URL	www.thu.de
International Office URL	www.thu.de/internationals
International Office	Campus Prittwitzstrasse - Room E 03/E 04
Director International Office **ERASMUS Coordinator**	**Stephanie Wagner** stephanie.wagner@thu.de
Coordinator Incoming exchange students	**Anita Everett** Anita.everett@thu.de
Coordinator ERASMUS outgoing students	**Stefanie Dennis** Stefanie.dennis@thu.de

General Information	
The University	Ulm University of Applied Sciences (THU) has about 3.000 students and offers majors in the fields of engineering, computer technology, business and media. Modern mobility, digital technology, medical engineering, sustainable energy systems and intelligent industrial systems, students will find independent and creative answers to current societal and technological issues. Our degree courses have a practical and personal focus. Practical course components, practical semesters and theses in cooperation with renowned companies from the region enable a perfect combination of theory and practice. The science-based higher education we offer has an excellent reputation. THU graduates are highly sought-after in business and industry and quickly find attractive and well-paid careers.
City & number of inhabitants	Ulm with ~129,000 inhabitants is located in the state of Baden-Wuerttemberg in the center of southern Germany. By high-speed train it takes about 1h to Stuttgart and about 1.5 hours to Munich. https://tourismus.ulm.de/en/

	find more information on the list of English taught courses and also on our web page: https://www.thu.de/en/Pages/Studiengang_EET.aspx **Full English taught Bachelor Degree Program in Computer Science (CTS)** find more information on the list of English taught courses and also on our web page: https://www.thu.de/en/Pages/Studiengang_CTS.aspx; **Full English taught Master Degree Program in Intelligent Systems (ISY)** find more information on the course offer on our web page: https://www.thu.de/en/Pages/Studiengang_ISY.aspx;
C. Practical semester/project work/Final thesis	Students may do a practical semester/project work in one of our laboratories. This can also be done in the framework of a Bachelor or Master thesis. Students should send some information on their interests and qualification. Students may have a look on the different institutes on our web page and let us know in which research field they are interested in. Students may find more information our web page: https://www.thu.de/en/research/Pages/default.aspx

Language	
Language requirements	Students wishing to follow English taught lectures should possess a B2 level. Students wishing to follow German taught lectures should possess a B2 level.
Intensive German language course	THU is offering a pre-semester intensive German course of 2 weeks which is offered for students with absolutely no or only little knowledge in German. **Dates:** first two weeks of March **(only for ICEP/IEEP students)** two weeks in mid September.
German language course (during the semester)	Throughout the semester all students have to attend a German language class which is offered on different levels.

Application	
Application procedure for students	**Students should be nominated by their home universities first**. We will then send them the link to our online application form. Students should be able to follow lectures in English or German (level B2).

	The university international coordinator should send the nomination list to Stephanie.wagner@thu.de. Nomination dates: 15th April for the following fall semester 15th October for the following spring semester
Application deadlines	1st of May for the following fall semester 1st of November for the following spring semester **Please note: the online application will be closed at May 1st and November 1st. It will not be possible to apply after this date.**
Course selection	Courses from different programs cannot be mixed. All students are asked to sign up for a minimum of 20 ECTS.

Costs	
Living expenses	For living expenses, students should calculate a minimum of € 1000,--/month. Students from Non-European countries who have to apply for a residence permit in Germany will have to prove financial means of €934/month.
Registration Fee	Every student has to pay a registration fee of approx. €70 to the association of student affairs to get the student ID card.
Health insurance	All Non-European students must sign for a German insurance policy (costs: around €130 per month).

Housing	
Accommodation / Housing	THU will try to provide housing in a student dormitory for exchange students considering the wishes, mentioned in the housing request form. However, the situation in Ulm has become very difficult and we **can not** guarantee fo find housing for all students. Housing prices range in the dormitory is approx. €350-450 per month (security deposit of €300) per room.
